DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Claims 1, 13 and 15 are allowed. The prior art discloses a wireless communications system comprising a plurality of access points and a mobile station wherein the mobile station is associated with a first access point and dissociates with the first access point and joins with a second access point based on received signal quality measurements from the two access points serving the mobile.

The prior art however fails to disclose or suggest a second access point responding by sending a disassociation message to the mobile station to disassociate with the first access point, wherein the dissociation message is addressed as if it originated from the first access point.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Raj Jain whose telephone number is 571-272-3145. The examiner can normally be reached on M-F.
